

The 2022 Initiative – Accelerating the 2030 Agenda

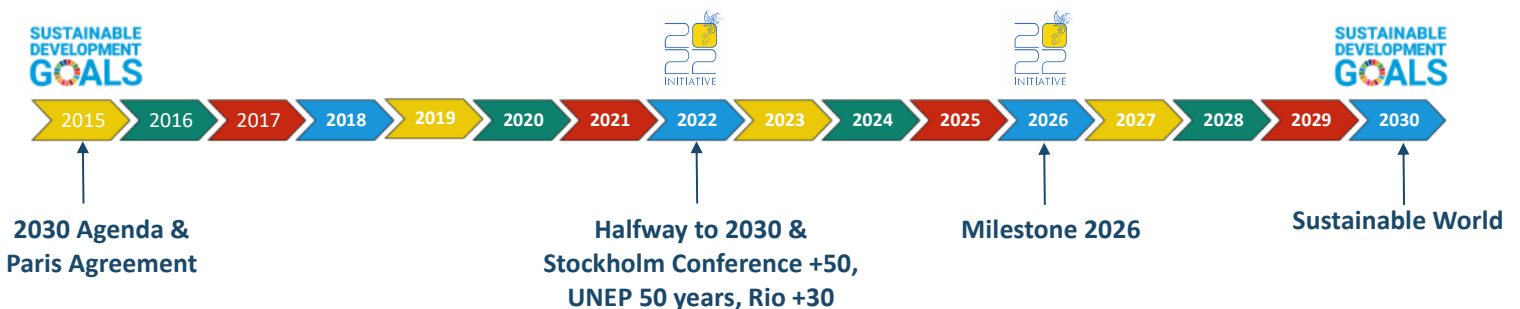

The 2022 Initiative aims to accelerate the global work on the 2030 Agenda and the Paris agreement through milestones & interim goals by 2022. A UN Conference will be held in Stockholm in June 2022, 50 years since the Stockholm Conference for ‘Only One Earth’ and the formation of UNEP. Join us on the journey towards 2022 in co-creating conferences & side-events around the World and Sustainability Games in Best For the World!

Local conferences connected globally

Why 2022?

To accelerate the implementation of the 2030 Agenda and hold today's leaders accountable, we need milestones and **Interim Targets**. The year 2022 is **halfway to 2030** since 2015. 2022 is also the **50th Anniversary** of the **United Nations Conference on the Human Environment** held in Stockholm 1972, the world's first UN conference on sustainable development, and **50 years since the formation of UNEP**, today **UN Environment**. *We've been instrumental in the Swedish Government's decision to propose a UN Conference in 2022.*

2022 Initiative – overall outline:

1. Halfway in the 2030 Agenda & the Paris Agreement

June 2022: Conferences and side events in Stockholm, Nairobi, NYC, Rio and around the world, connected digitally. Possibly the first ever “Glocal” UN Conference, leaving no one behind, as well as *”Sustainability Games in Best for the World”*

2. Physical & digital Stockholm+50 Dialogue Meetings 2020 – 2022

Dialogue for co-creation, accelerated action and partnership around solutions, **Localizing the Agenda** – Making it the People’s Agenda, tell the story and co-creating sustainable societies → *Before, during and after the Stockholm+50 Conference*

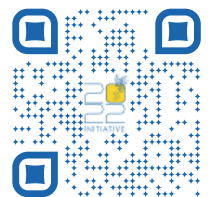

Arena for conferences and “Sustainability Games”

– a neutral multi-stakeholder platform, enabling dialogue, co-creation and accelerated action

- Arena for Peer to Peer exchange, learning & co-creation
- “Sustainability Games” - launched in 2022

- Digital & physical arenas locally
- Connected globally
- Gamification

- Founding partner, partner, sponsor and supporter possibilities
- Ongoing dialogues with e.g. Swedish Govt, Cities, UNSDSN, Academia, Business, Civil Society and Youth organizations

Reach out to become one of our partners and accelerate action!
