

The 2022 Initiative – Accelerating the 2030 Agenda

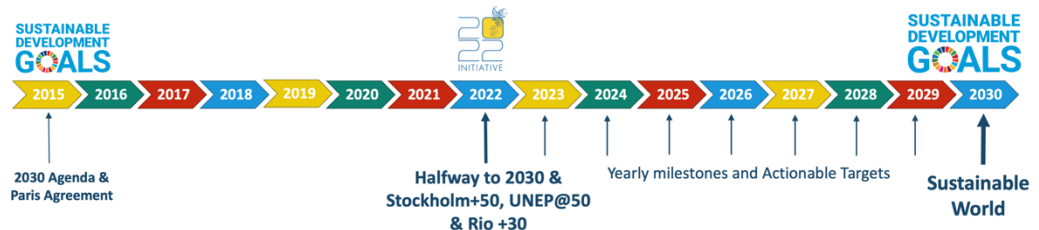

The 2022 Initiative aims to accelerate the global work on the 2030 Agenda and the Paris agreement through milestones & actionable targets for 2022 & beyond. The Stockholm+50 UN Conference will be held 2-3 June 2022, 50 years since the Stockholm Conference for ‘Only One Earth’ and the formation of UNEP. Sweden will also host the World Environment Day 5 June 2022. Join us on a journey in Dialogue Meetings and accelerated action before, during and after Stockholm+50. We plan for “We the Peoples’ Conferences” to kickoff action before Stockholm+50 in Stockholm and parallel around the World and Sustainability Games in Best For the World!

Local conferences connected globally

Why 2022?

To accelerate the implementation of the 2030 Agenda and hold today's leaders accountable, we need milestones and **Actionable Targets**. The year 2022 is **halfway to 2030** since 2015. 2022 is also the **50th Anniversary** of the **United Nations Conference on the Human Environment** held in Stockholm 1972, the world's first UN conference on sustainable development, and **50 years since the formation of UNEP**. We've been instrumental in the Swedish Government's decision to propose the Stockholm+50 UN Conference in 2022. Join us in kickoff events the 1st of June, side events at Stockholm+50 and to celebrate the outcome the 5th of June.

2022 Initiative – overall outline:

1. During Stockholm+50 – Approx. halfway in the 2030 Agenda

2-3 June 2022: Conferences and side events in Stockholm, Nairobi, NYC, Rio and other locales around the world, connected digitally. Possibly the first ever “Glocal” UN Conference, as well as “Sustainability Games in Best for the World – until World Environment Day, 5 June.

2. Physical & digital Stockholm+50 Dialogue Meetings 2016 – 2022 and beyond

Dialogue Meetings and Sustainability Leadership for co-creation, accelerated action and partnership around solutions, **Localizing the Agenda** – Making it the People’s Agenda, telling the story, and co-creating sustainable societies – *Before, during and after the Stockholm+50 Conference. Roundtables of Leadership dialogues around the world during UNEA 5.2 & UNEP@50*

Pathways for accelerated action, based on a holistic & intragenerational approach

Youth – tomorrows leaders are key stakeholders in each dialogue

- **Dialogue meetings** 2016 – June 2022
- **Events** for Peer to Peer exchange, co-creation & action
- **Milestones** for accelerated action by June 2022 & beyond

- **Holistic Approach**
- **Platform & Arena** for Conferences & “Sustainability Games”
- **Best For the World Awards**
- **Local events** connected globally
